Foreword

Norwood High School has "growing pains." By next September the number of classrooms will be doubled in number and our student body correspondingly increased. We shall become for a time a four-year high school instead of a three-year one. We Seniors who have suffered through the noise and confusion of the building process and endured the restrictions of crowded classrooms and inadequate facilities will be gone. We shall, however, have borne up under these "growing pains" and in witness thereof we have worked out our yearbook theme in proof of our patience and valiance and our triumphant survival.

In Appreciation

Last June, Miss Grace McGonagle, for forty-three years a member of the Norwood High School Faculty, retired from teaching. She was for many years the school treasurer and head of the Commercial Department, having come to Norwood High School directly from college. Her legion of students owe much of their success to her realistic approach to teaching, and her name will always evoke pleasant memories for thousands of graduates of Norwood High School. We extend to her our heartiest thanks and all good wishes for many happy days ahead.

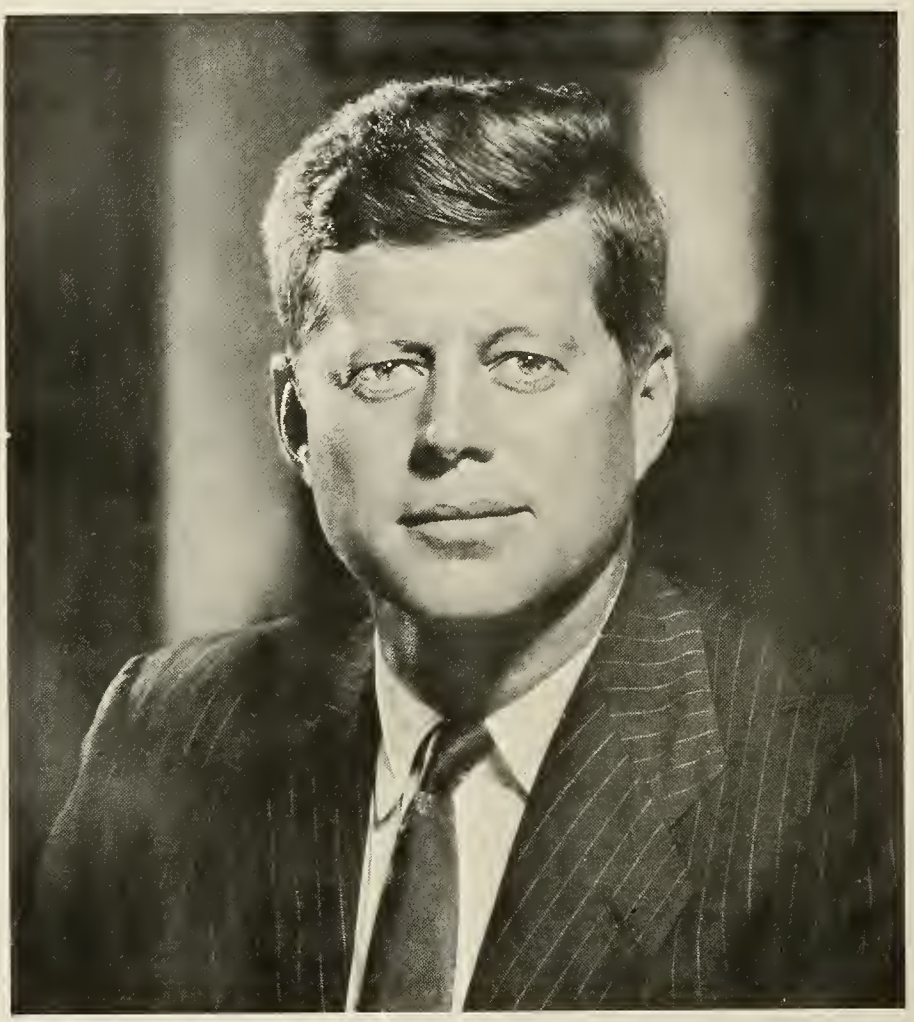
In Memoriam

As we accept our hard-earned diplomas in June, many of us will remember with deep regret that one of our number has gone ahead to a greater Commencement Day. Diane Murphy, a sweet and charming member of the Class of 1961, died after a long illness during our Junior year at Norwood High School. To her family we extend once more our sympathy in the loss we share with them.

In Memoriam

On the evening of Inauguration Day the faculty, students, and townspeople learned of the sudden and untimely death of Mr. D. Vincent Kenefick, head of the History Department. During his twenty-six years of dedicated service to the town, Mr. Kenefick helped hundreds of boys and girls to become enlightened citizens and by precept as well as example taught them to be better Americans.

Dedication



The 1961 Tiot is respectfully dedicated to John Fitzgerald Kennedy, the thirty-fifth President of the United States. After graduation, we too will face "New Frontiers" and new trials of our abilities and courage. Together with him we shall strive to build toward a finer country in a better world.

Courage is in the air in bracing whiffs
Better than all the stalemate an's and if's . . .
It makes the prophet in us all presage
The glory of a next Augustan age
Of a power leading from its strength and pride,
Of young ambition eager to be tried,
Firm in our free beliefs without dismay,
In any game the nations want to play.—ROBERT FROST

(President Kennedy sent us the picture of himself and his best wishes to the student body. He said that he appreciated and was complimented by our dedication.—*The Editors*)

Seniors

As we leave the protecting arms of our Alma Mater, we realize that our years of high school preparation have given us a sturdy foundation on which we can and must build toward a brighter tomorrow in a wider world.

We Lay The Foundation

The Class of 1961, 280 strong, became an active part of Norwood High in September 1958, determined to make the very best of the three difficult years ahead. Shortly we elected officers to represent us and lead us through our first year on the Hill. President Charles Donahue was adequately supported by vice-president Dixie Lee Groves, secretary Maureen Brannelly, treasurers Joan Bayer and Steven Butters, and A.A. representatives Jacqueline Diggs and Thomas Balfour.

The Sophomore Halloween Party was our high school social début. Coke, doughnuts, corn stalks, pumpkins, and merriment characterized this affair where students and teachers alike daneed the evening away. Emcee Charlie Donahue kept the ball rolling by introducing entertainment by Leona Sansone, Susan Smith, Janat DiCicco, Jean Karshis, and other talented performers.

Sportswise, we were very proud of our boys, who brought credit both to themselves and to the class with their athletic abilities. Pigskin fighters Phil DeRose, John O'Donnell, Don Coughlin, Jack Cotter, Fred Pasquale, and Jack Lane began their football careers that season; and hockey participation by Charlie Donahue, Jim Jessick, Ken Arvidson, and Paul Johnson gained them a position of prominence. Shining diamondmen showed promise of brilliant hitting and fielding during the successful spring-time season. This sport claimed the energies of Brian Hebner, Paul Folan, Phil DeRose, Jeff Johnson, and Larry Newman.

By June we had achieved a good name both socially and academically. With a high morale and aggressive spirit, we smiled at the past and looked impatiently and expectantly toward the future, anxious to build on the foundation we had firmly established.

The Superstructure Goes Up

With vigor and persistence the class of '61 marched through their difficult but eventful Junior year. For capable leadership throughout the second phase of our life on the Hill, we re-elected Charles Donahue president and appointed the following cabinet: David Nugent, vice-president; Noreen Connolly, secretary; Joan Bayer and Salvatore Constantino, treasurers; and Jacqueline Diggs and Joseph Yelapi, A.A. representatives.

Our gridiron greats included the previous year's veterans, and our outstanding Junior hockey players went into the State Tournament with the rest of the Golden Nuggets. Valuable assets to the basketball team were Larry Newman, Phil DeRose, and Fred Carritte.

Our feminine classmates also flourished in the field of sports. The recognition of girls' basketball by the Student Council brought that team, which was comprised mainly of Juniors, into the limelight. These hardy hoopsters included Diane Welch, Jackie Diggs, Ann Oberlander, and Janet Feeney. Miss Wegerdt proudly coached NHS's first softball team, where Donna Olson, Noreen Connolly, Barbara Harris, Nancy Mahar, and Claire Puchalski made their débuts.

After many hours of diligent and fun-filled work by various committees came our long-awaited Junior Prom. The theme song, "Some Enchanted Evening", played its part well by helping to fill every minute of this important soirée with enjoyment and enchantment.

We were proud indeed to send Danny Sarno to Europe under the American Field Service, as our Foreign Exchange student. His stay in Belgium was most enjoyable.

The Class Day ceremonies in June made us realize that we were practically the seniors of old NHS and we waited with anticipation the exciting climax of our career.

The Roof Goes On

With dauntless spirit, we launched into the final stage of our high school career, quickly and effieiently building impressive towers on our Castle of Aehievement. Everybody welcomed our Foreign Exehange Student, Hildebrand Kummer, who was shortly nieknamed "Brad," and who won a warm place in our hearts immediately.

Two early eleetions, preceeded by vigorous eampaigns, resulted in the choice of the key people of the year. Class office positions were filled by Charles Donahue, President; David Nugent, Viee-President; Noreen Connolly, Seeretary; Joan Bayer and Michael Ward, Treasurers; and Jaequeline Diggs and John O'Donnell, AA Representatives. Another ballot revealed these popular eandidates for the Tioteer titles: Skirmante Makaitis and John O'Donnell as editors-in-chief; Diane Cronin and James Crawford as eireulation editors; Maureen Brannelly and Kenneth DeLisle as advertising editors; and Edith Lindblom, Kenneth Arvidson, and William Pye as art editors. As president of the Student Counеil, Daniel Sarno led the execution of his organization's projects; while Mary Deasy and Charles Sulkala headed up the newspaper.

The blue and white shone all around this season, adding a eommendable reeord to the annals of school athletiеs. A booming victory over Needham opened the football season and set the paee for future wins. Don Coughlin, Jaek Cotter, Jack Lane, Jim Jessiek, Tom Balfour, Dave Nugent, Larry Newman, Charlie Donahue, Al Pasquale, and Mike Marks fought hard, along with eaptains John O'Donnell and Phil DeRose, to attain their well-earned rank of seeond in the leagne. Ceaseless moral support was given by loyal rooters, led by the eheerleaders:

Captain Dale Johnson, Jackie Solomon, Nancy Pelletier, Reeny Connolly, Maura Graney, Paula Wilder, and juniors Maribeth Pender, Judy Folan, and Jean Ferrara.

In December, the eurtain rose on our class play, "Onions in the Stew". This hilarious comedy, coached by Mr. John Flaherty, convinced a responsive audience of the dramatic qualities of the cast, which included Renata Simenas, Paul Bergin, Lois Curran, Mike Ward, Carlene Race, and John DeFlaminis.

The cagers thrilled basketball fans with many exciting and close games. Captains Larry Newman and Phil DeRose, Fred Caritte, and Erie Konstaitis kept the team spirits high, in spite of frequent injuries.

Teamwork was the formula that won the Bay State crown for the Golden Nuggets this season. Charles Donahue, Jim Jessick, Don Smith, Walter Nally, Paul Johnson, Kenny Arvidson, and some shining underclassmen fought hard side by side with ereditable sportsmanship, winning ten straight games, defeating every other team in the league, capturing the league title, and making a tremendous showing in the state tournament. Charlie Donahue also won a first string berth on the state all-seholastie team.

April eontained an exeiting spectaeular —the senior musieale "Sunbonnet Sue," starring Ann Clineh, Dave Troilo, John DeFlaminis, Jackie Solomon, Franees Eckhardt, Bob Salie, Sheila Ruseitti, Peter Reeves, Candaee Perchway, Martha Badger, ineluded most members of the class in its numerous songs, spritely dances, and moving drama. This was truly equal fun for both the participants and the speetators.

Spring brought an early and rugged training for an enthusiastie baseball team. Our shining diamondmen were Jaek Cotter, Don Coughlin, Brian Hebner, Jeff Johnson, Larry Newman, Phil DeRose, Carl Pruell, Paul Folan and Dave Nugent.

May magieally transformed a most special evening into an enehanting experience. "Wonderland by Night" was the appropriate theme of the senior prom, an occasion that can never be recreated or equalled.

Time grows short now, and we can see the end of the road ahead, and the many branches into which it suddenly divides. But although we soon part company, the monument we so earefully built will remain with eaeh of us, forever commemorating eaeh of our projects — aeademic, sport, social, and binding together all the loyal members of the Class of 1961 of Norwood High Sehool.

DANIEL SARNO

Hildebrand Kummer in America

I'LL ALWAYS REMEMBER:

My wonderful American family, the Crawfords.

Open houses; coca cola; potato chips; hot dogs and hamburgers.

The beautiful colorful New England autumn. No place else like it!

The vociferous enthusiasm of the football crowds.

The parking problems caused by all the cars of the student drivers.

The excitement and turmoil of the Kennedy-for-President parade in Boston.

The friendly approachable attitude of the teachers and the high scholastic level of Norwood High School.

The tremendous snowstorms and the money to be made by shovelling.

The scintillating performances at the arena of the Norwood High School Golden Nuggets.

Daniel Sarno in Belgium

I'LL NEVER FORGET:

The hearty hospitality of my Belgian "relatives."

The enchantment of the ancient yet modern cities and the gabled roofs.

The thousand and one Flemish dialects. What a hubbub!

Long bike-rides through the rolling countryside with my foreign "brother."

The many lively discussions over the Belgian attitude to the Congo problem.

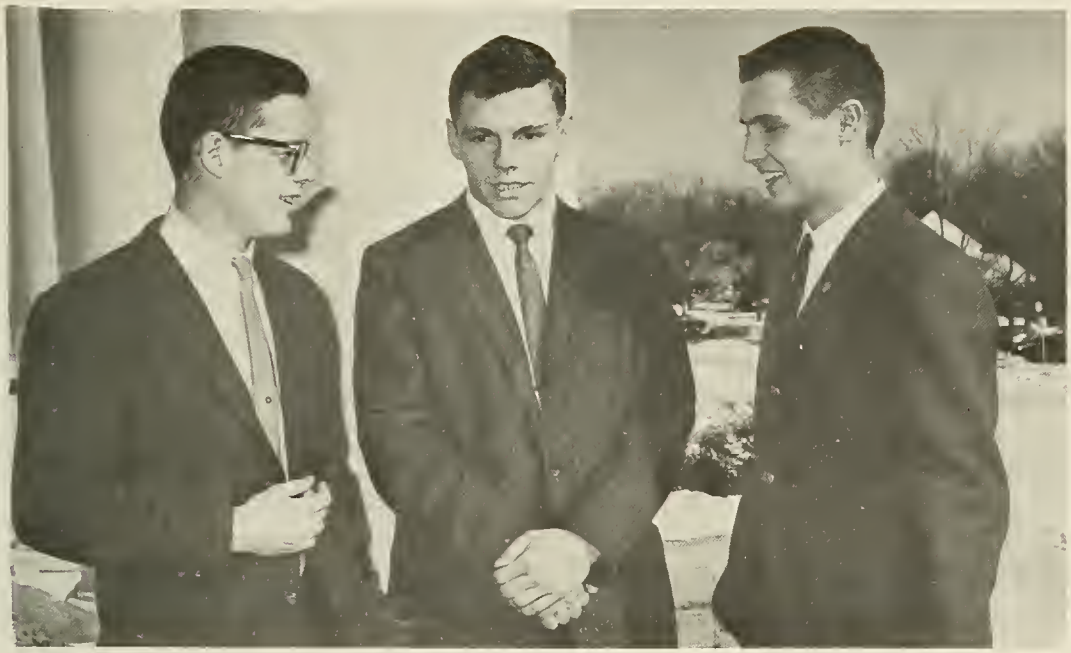
The trip to the Flemish brewery and the beer-testing party which lasted all afternoon!

The interest of the young Belgians in my high school yearbook and their amazement at all our extracurricular activities.

The personal friendliness of the 1200 inhabitants of Ressegem.

Teaching American baseball on the sands of the North Sea.

An out-of-this-world experience.



TOP TRIO: Donahue, O'Donnell, Sarno

TOP O' THE HEAP

The good-looking, crew-cut lad pictured above is Daniel Sarno, who is our hard-working Student Council President and a member of the National Honor Society. This past summer Danny was our Foreign Exchange Student to Belgium. Danny looks forward to attending either Harvard or Tufts next year and hopes to become a doctor.

The dependable and stalwart Chief Editor of the yearbook is John O'Donnell. John is an end on the football team and was co-captain of the 1960 Grid squad. He hopes to further his education at Harvard or Brown and looks forward to a career in government service or in the teaching field.

Our serious-minded and capable class president for three years is Charles Donahue. Charlie is a three year letterman and captain of the hockey team and a member of the Student Council Executive Board. Hard working and forceful Charlie expects to attend Dartmouth or Harvard. He intends to become a lawyer or a doctor.

The Guidance Department Is Building

Plans and specifications for the school year 1960-61 called for additional guidance personnel, the inclusion of secretarial assistance, the addition of a counseling facility, and the purchase of new equipment and material.

The above were implemented in the first instance with the appointment of two full-time guidance counselors, Mrs. Goepner and Mr. Donovan. Mrs. Ashman, assigned as secretary to the guidance department, completed the staff. A new, though temporary, guidance counseling office was erected in the northeast corner of the library. This became the girls' guidance facility. Both Mr. Donovan's and Mrs. Goepner's offices were then appointed with new equipment received under the N.D.E.A. of 1958.

The blueprints for the future are even more encouraging. It is expected that at least one additional counselor will be added to the professional staff. Secretarial assistance will be extended as will the purchase of necessary supplies, tests, and equipment. Perhaps the most startling change will be the moving of the guidance offices to a cluster of rooms opposite the principal's office. Here provision will be made for four counseling rooms and a combination waiting and library area.

This guidance building program which coincides with that of school construction means more individualized and more complete services for you, the student.

Mr. Donovan and Mrs. Goepner advise Brian Hebner

The Library and the Reading Program

Our school library is in its third year of activity. There is now a book collection of 3,500 volumes and an average daily attendance of over 200 students. The Library Service Club, composed of girls who are willing to give at least two periods a week to assisting the librarian, has rendered notable service to the school since the opening of the library in November, 1958. The pressing need, beyond the ever present one for more books, is for more space for both pupils and books. So have we grown in two short years!

Reading Program

The Developmental Program in Reading is for the purpose of providing continued growth of the reading abilities and skills of high school students. It is concerned fundamentally with continued refinement and development of the mature aspects of the same types of abilities that were developed in elementary and junior high schools.

There is one central place in Norwood Senior High School which offers resources to help students who wish to improve their reading skills and study skills. This is the Developmental Reading Center.

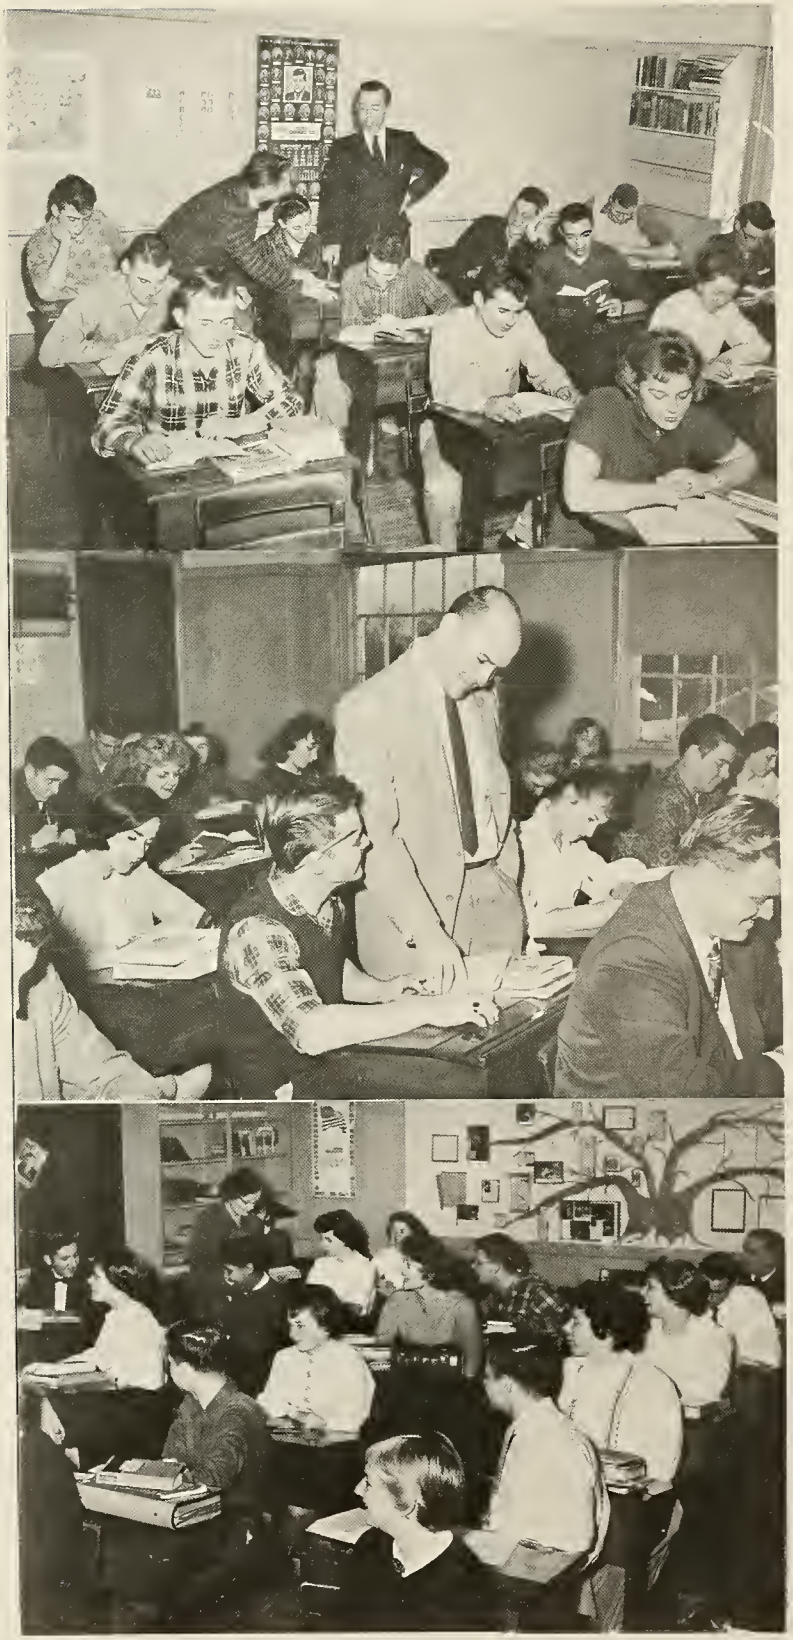
Here help is given (1) for those who already read easily but wish to increase their rate of reading, (2) for those who plan to take college entrance or other types of advanced examination, (3) for those who need help in increasing speed and comprehension, and (4) for those who are not up to grade level in understanding what they read.

Reading needs are identified by Guidance through Standardized Reading Tests. Those who appear to need instruction are recommended by Guidance to the Reading Instructor.

Any student who wishes to take reading instruction may make arrangements with the Reading Specialist.

The Reading Center is a place where receiving individual help is an enjoyable experience. The results bring satisfactory progress to all who make use of the modern facilities that have been provided.

English Department



The Norwood High School English Department offers a variety of courses in English to meet the particular needs of all students in the school. Course offerings endeavor to develop and increase skills in reading, writing, and speaking, those areas of particular concern to the English faculty.

Students are helped to develop an awareness of the practical and aesthetic aspects of all phases of the traditional English curriculum. Various literary types of all ages and cultures form the core around which revolve rhetorical, compositional, grammatical, and oratorical experiences of the English classroom. Special instruction is provided through the Developmental Reading program to increase the student's comprehension and rate of reading speed.

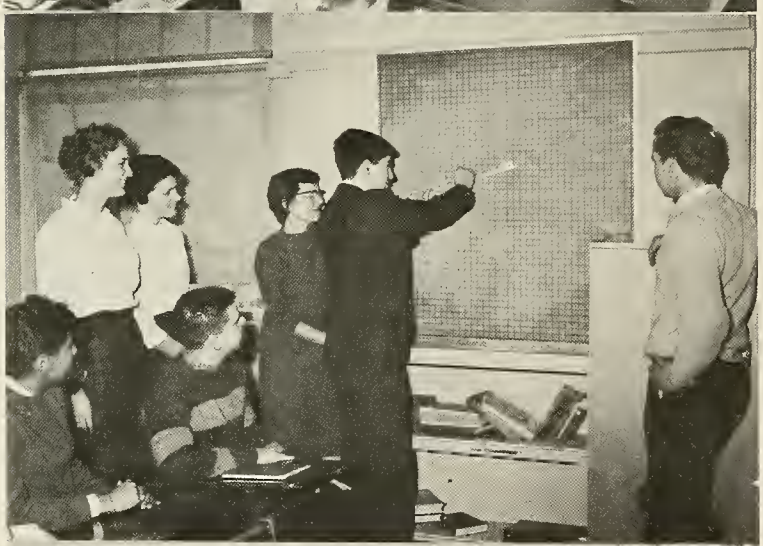
All students are assigned to English classes which, insofar as possible, offer instruction particularly suited for their needs and abilities. Several times during the academic year, all students confer privately on a scheduled basis with their English teachers in an effort to increase proficiency in written expression.

Foreign Language Department

The most significant fact in foreign language study in Norwood is that currently all pupils in all third grades are learning to speak French. This program will gradually be extended so that any boy or girl with language aptitude may study French in all its aspects for ten years. This has enormous implications for the foreign language program at the Senior High School and will mean a complete revision of the present program. A pupil may now elect four years of French, two years of Spanish and four years of Latin. In the modern foreign languages, the fourfold aim is to develop to a limited degree within the brief time spent, the ability to speak, to understand, to read and to write.

Those students who elect Latin II, III, or IV, after a basic study of Latin grammar and composition read Caesar's Commentaries, Cicero's orations and the poems of Virgil and Ovid. Stress is laid on the general cultural values found in Latin literature, and also on the rich legacy which the English language has derived from lingua Latina.

Mathematics Department



College Preparatory Mathematics consists of two years of algebra, one year of plane geometry, plane trigonometry, analytic geometry, introduction to the calculus, statistics and topics of advanced algebra. Seniors who do not take Math. IV take a two-period a week review in preparation for College Board Examinations. An accelerated group, now in the ninth grade, will complete Math. IV at the end of the junior year and will then take a year of college mathematics in the senior year.

Basic Mathematics, given in the ninth, tenth, and twelfth years is a study of fundamental and unifying concepts but with attention directed to application rather than to continued study of mathematics.

In modern mathematics emphasis is on ideas rather than on manipulations. Although mathematics is recognized as an indispensable instrument in the solution of the problems of science, business, and government, it is also a primary discipline in modern culture. Without a knowledge of mathematics a student is handicapped in understanding the past and in evaluating the present.

At Norwood High School, although there is a keen perception of the material advantages of studying mathematics, there is an increasing and enthusiastic appreciation that the deeper the understanding of mathematics, the more satisfying is the consideration of much of the world of ideas.

Science Department

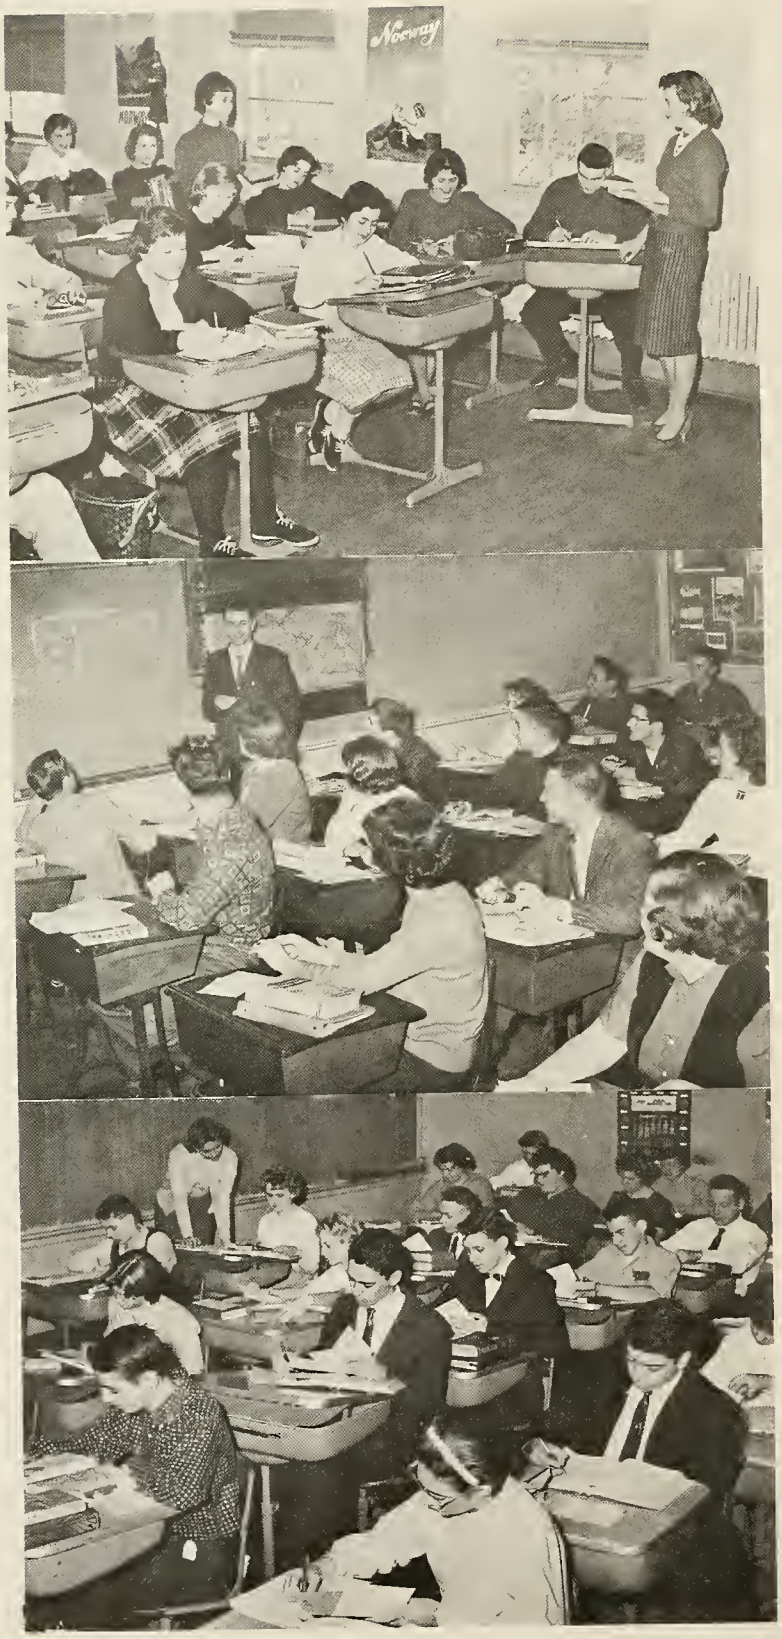
Biology, the science course for sophomores, offers comprehensive study of Zoology, Botany, and Human Biology. Every student is urged to undertake a project in his particular field of interest.

Chemistry gives a well-rounded and intense study of the chemical laws and principles and also increases the student's understanding of chemical processes in everyday life. The Honors Track Course in this subject offers advanced topics usually introduced in college, as well as intensive treatment of the usual topics studied in college preparatory chemistry. This year the importance of molecular structure has been introduced and the new Chemical Bond Approach to Chemistry was stressed. The Applied Chemistry course is Chemistry 32, which is intended to give the student a general introduction to an appreciation of chemistry as it affects daily life.

The special Physics course offered for seniors is developed by the Physical Science Study Committee. This is designed to teach a knowledge of Physics and to develop a thoughtful scientific attitude. The applied course, Physics 42, places more emphasis on specific applications of Physics to the immediate environment, to household heating systems, electrical appliances, automobile engines, and power mechanics.

Those students who have attained an A or a high B for the corresponding subject in the previous year may elect the Honors Track Course in all of these subjects.

History Department



The understanding of man, past, present and future, is the far-reaching object of the History Department. World History stresses the development of civilization from Biblical times to the present day, while the skills and techniques of Social Studies are emphasized.

American History covers the growth of our country from the Exploration Period to the 20th century with a special study of federal government and present day events shaping American history.

The purpose of Consumer Economics is to develop economic literacy by means of a thorough study of the worlds of finance, money, stocks and bonds, prices and controls. The study of such publications as Consumers' Union Bulletins and Kiplinger Magazines is intended to supplement text book material.

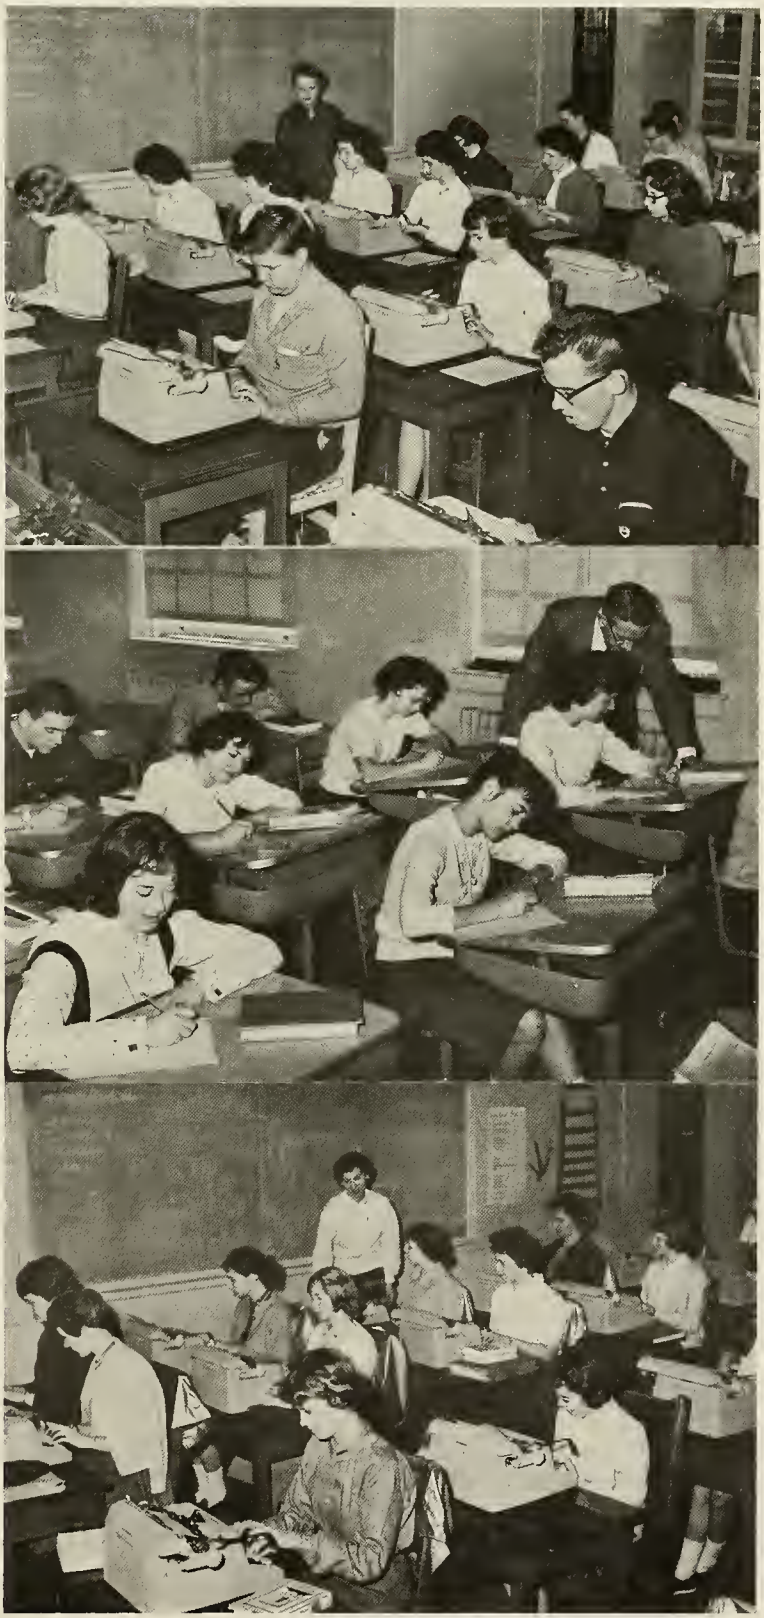
Modern Problems consist of an examination of problems and issues in contemporary life with the view of presenting democratic ideas and practices. Along with current news events, students discuss such topics as propaganda, integration, minorities, labor and mental health. This year special emphasis has been given to the Presidential campaign and political parties and international relations. This course provides an opportunity for the students to study, understand and evaluate these problems and thus prepare themselves to participate as informed citizens in our democratic society.

Business Department

The courses offered at Norwood High School include General Business Training, Economic Geography, Typewriting, Filing, Business Arithmetic, Shorthand, Business Law, Bookkeeping, and in co-operation with the Henry O. Peabody School, Transcription and Business Machines.

Some of these courses are designed for the vocationally minded student, but others are desirable and necessary to a well-rounded education. Too few people, young and old, are well-founded in the simple rudiments of business, in the financial structure of business, in the tax problems and the wide variety of opportunities in business and management.

"Big Business" is concerned with the dearth of young people turning to a serious study of business and management. Business executives are of the opinion that more of the talented young people should be encouraged to pursue a career in business. We as a nation require scientists, physicists and engineers, but without well-qualified business managers our country will suffer dire consequences.



Art and Music Departments

Art Department

The Art Department at Norwood High School offers three years of Art Major for all those interested in art as a career. Those with less time, and those who are interested in art mainly as a hobby, may elect Art Minor for one, two, or three years.

Emphasis is put on creativity and originality, and the students learn many different drawing and painting techniques. The purpose of the department is to make pupils aware of the increasing role and importance of art in the modern world.

Music Department

The greatest appreciation, understanding, and learning about music come from actual participation in the production of music itself. Therefore, at Norwood High School, emphasis is placed upon being a member of the major musical organizations in order to study music. For those interested and trained in instrumental music, the Band and an orchestral ensemble provide the medium. For those qualified to sing part music, there are various choral groups. The Varsity Choir is for mixed voices; the Hi-Fis is for boys; and the Hi-Los for girls. The Senior Musicale and the Spring Concert give students the opportunity to perform for the general public. Norwood participates in the Massachusetts All-State and District Concerts, as well.

Home Economics and Industrial Arts

Home Economics Department

Home Economics is presently offered as a major for Sophomore and Junior girls and as a minor for sophomores. During the year time is equally divided between Foods and Clothing, with emphasis on a family centered program.

The Foods Course involves a mastery of basic skills along with meal planning, nutrition and child care and development.

In Clothing, emphasis is placed on construction and fashion. The course for Junior girls includes Home Management, Interior Design and Textiles.

All Junior girls are required to take Youth Problems. This is primarily an orientation course and includes discussions of the vital problems of this age group.

For Senior girls interested in nursing there is a minor course which focuses attention on Nutrition, Disease and Family Problems.

Industrial Arts

Sophomores, Juniors, and Seniors may elect Mechanical Drawing both as a major and as a minor subject. Mechanical Drawing Major I is a course designed to teach the student the basic skills of drafting.

Mechanical Drawing Major II offers an intensive study of drafting, and also deals with development of surfaces, revolutions, charts, graphs, and maps.

Mechanical Drawing Major III provides an opportunity for more intensive study. Mechanical Drawing Minors I, II, and III meet two or three times weekly, according to the schedule of the student.

Boys' Vocational School

The Boys' Vocational School was established eighteen years ago. In retrospect the graduates of this program can look with pride upon their excellent preparation for becoming skilled cabinetmakers. Many projects requiring intensive training have been carried out successfuly each year.

The academic part of the program consisting of English, Basic Mathematics, Related Science, and Social Studies has provided a practical educational background.

This year's group represents the last class to graduate from the Boys' Vocational School. With the new expansion program in effect, Industrial Arts will replace Vocational Education.

Opportunity Has Many

The Henry O. Peabody School, a regional vocational school established in 1942, offers the following major programs of study: Beauty Culture, Dressmaking, Foods, Business, and Practical Nursing. Although the courses are vocational in nature, each student spends approximately 50 per cent of her time in academic classes.

The school has a unique financial structure, since it is supported by federal, state, town, and trust monies.

Many years ago, Mr. Henry Oliver Peabody, whose family was concerned with the manufacture of the Peabody rifle, decided to assist young women in attaining education and training to become self-supporting. Funds which he left for such a purpose were invested wisely by prudent men and the income today from that trust fund, together with money from the previously mentioned sources, staffs and maintains our school.

The school enrollment has increased in the twenty years of its existence, and programs of study have been added to its curriculum, according to community needs. Since some of the programs are in fields in which many jobs are available for young men, the school enrolls a few boys who show evidence of sincere interest and aptitude.

Two and three-year programs are offered in Fashions and Foods. A one-year course is offered in each of these trades for postgraduate students. The Beauty Culture course offers a two-year course to undergraduates and a one-year course to postgraduates.

Aspects At Peabody

The Business Department has a one-year program in any of three majors —secretarial, office machines, or clerical. An accelerated secretarial program of one year's duration is offered to graduates of a high school college preparatory course.

The practical nursing training is offered to post high school students only, and it consists of five months' training at the school and ten months' work at the Norwood Hospital.

Senior students completing the course of studies receive the Norwood High School diploma and the Henry O. Peabody School certificate. The latter is earned after six months' successful employment in the field of training.

The school has earned an enviable placement record in the trades and in business. There exists an active Alumnae Association of graduates who have been helped through training and education to find happiness and success in many fields of endeavor.

The school is tuition-free to students; however, the Town of Norwood bills the particular school system concerned for nonresident students for $400 a pupil. State funds reimburse these towns for 50 per cent of the cost of this vocational education. Tuition for the practical nursing course is $210. There is no tuition charged for the business course because the department is supported by monies from the trust fund. Students pay a laboratory fee of $10 a year if they do not reside in Norwood.

Peabody Prepared Us Well

As we say our good-byes and proudly display our newly found vocational skills, we are aware of the many memories that the Henry O. Peabody School has given us. In September came the tea-party, given for the purpose of becoming acquainted with the new students and for renewing old friendships. Dr. Philip O. Coakley, Superintendent of Schools, honored us with a welcoming speech.

On September 19, we elected our Student Co-operative Association officers for the year to come: Hilda Lundberg, President; Ann Cherry and Suzanne Pelletier, Secretary and Treasurer respectively.

We had our annual Thanksgiving dinner, consisting of turkey with "all the trimmings," on Tuesday, November 22. It was a very successful dinner, which could only have been accomplished through the adeptness of our Foods Department.

In December, we held our Christmas Sale, entitled "Frosted Fantasy." The decor of the cafeteria created a fairy-like atmosphere which made everything seem very light and sparkling. It was a very successful sale and well worth our individual efforts.

On December 21, we had our Christmas pageant and dinner. The pageant, entitled "America at Christmas," was religious in theme. The dinner, according to tradition, was served by the members of the faculty.

With the coming of spring, the days grew shorter, our Prom became a memory of the past, and graduation was just around the corner. Everyone was busy reviewing for exams, and graduation practice and rehearsals took up a great deal of our time.

This past year has proved to be a very special year to all of us. The memories of it are sure to remain with us forever.

Everyone who has taken advantage of the courses offered and the personal attention given us while in school will attain success by putting forth an honest effort.

Second Story Work

Having made our initial impression on "the school on the hill" the class of 1962 returned last fall for our junior year, prepared to live up to the standards we had previously set for ourselves.

Vigorous campaigning during class elections brought satisfying results. Capable John D'Espinosa was re-elected as Class President. His associates were Paul Karshis, Vice-President; Maribeth Pender, Secretary; Kathy Tracy and Richard, Treasurers; and Diane Heylin and Paul Bender, A.A. Representatives.

Given the opportunity to elect three cheerleaders from our class, we selected Jean Ferrara, next year's captain, Judy Folan and Maribeth Pender.

Athletic abilities showed up in many of our boys and girls. The girls revealed their talents in basketball, tennis and softball. Among the boys outstanding in sports are those who have been elected as next year's captains: Dave McCue, hockey captain, assisted by co-captain Alvie Crowell and Wayne Petrovek; and Pete Maddocks the future captain of the basketball team.

The Junior Prom, an event all had been anticipating for many months, took place on April 7 in a land of fantasy under skies of "Lavender Blue." An evening to be long remembered!

The finishing touch was our participation in Class Day. Though this day was one on which we honor the seniors, it meant very much to us too, because it marked the beginning of our last and most important year of high school.

Little Cogs Among the Big Wheels

When the Class of '63 arrived for their first day on the hill, the construction of the new addition was in full swing. As we wandered through the maze of unfamiliar rooms and corridors on September 7, 1960, our two great problems proved to be finding the second floor and hiding our inferiority complexes.

To lead the way through our ordeal as lowly Sophs, we elected capable class officers. Led by our proficient president, Channing Souther, they are: Peter Antonitis, Vice-President; Barbara Cronin, Secretary; Susan Devine and Chris Donahue, Treasurers; Anita Grinavic and Jeff Fanning, A.A. Representatives.

Our initiation to high school social life was on October 27, when we held our Sophomore Party, a fun-filled evening of enjoyment for everyone.

At the annual Christmas assembly the Varsity Choir provided a beautiful background for Yuletide solos and Scripture readings by members of our class.

Sophomore contributions to the various athletic activities were highlighted by Dave Tracey, a very promising quarterback and sharpshooter on the basketball court; and Jeff Fanning, an able defenseman on the football field and novice net-tender for the "Golden Nuggetts."

Looking back we can be proud of our many triumphs and profit by our equally numerous mistakes. We look forward to a bright future at the school on the hill where we are no longer misfits on probation, but sons and daughters of a grand tradition. Ad summa contendimus!

Student Council

The 1960-61 Student Council excelled in all its undertakings under the able leadership of Daniel Sarno, President; John D'Espinosa, Vice-President; Maureen Brannelly, Recording Secretary; Doris Folan, Corresponding Secretary; and Kenneth Arvidson, Treasurer. The Executive Board comprised of James Hilliard, Chairman; Paul Johnson, Noreen Connolly, Bernadette Gotovich and Susan Carolan, contributed greatly to the many achievements of the council during the past year.

Our annual dance, the Autumn Frolic, was unsurpassed in merit and enjoyment. The gym was festively decorated in bright autumn colors. The Council donated a considerable sum of its profit to the Foreign Exchange Fund.

One of the most successful projects of the Council this year was the Foreign Exchange Drive. An interesting assembly with eight foreign exchange students participating in a panel discussion initiated the drive. The money from this drive helps sponsor an American Field Service student to spend a year here with us. We hope that this worth-while function will be continued. In this connection, let us state that we were very happy to have Hildebrand Kummer, our German Foreign Exchange student, as an active member of our council this year.

Beverly Rodgers, an outstanding stu-

dent in the Junior class, will be Norwood High School's exchange student this summer. She will spend a couple of months in Zurich, Switzerland. Beverly, who is an excellent French student, is studying a little German now, in preparation for her foreign visit and should have little language difficuty with her Swiss family.

One of the most outstanding projects of the council was the presentation of a portrait of Mr. James Gormley to the student body. This memorial to a beloved teacher has been placed in a prominent position in the entrance hall.

The members of the Council would like to express their sincere appreciation to Miss Hubbard and Mr. Buscone, our faculty advisers, who have spent many hours helping us plan and carry out our activities and to the students and teachers whose co-operation has made our projects so successful. The New Look in Science

Through the efforts of Mr. Ganter, a science club was formed at Norwood High School this year. The club was started to advance the understanding of science among its members and the student body of the school. The club formed around a nucleus of about fifteen members and has expanded to thirty students equally divided among the three classes.

Most of the meetings during this year were devoted to organizing a program of activities for the Club. The main undertaking of the Club this year was the staging of the Norwood High School Science Fair. The members gained much knowledge in organizational techniques by working on the various committees that ran the Fair.

Next year the range and scope of the Club's activities will be widened. In addition to continuing to stage the school's science fair, the Club plans to conduct numerous field trips to places of interest, and possibly present an assembly to make the student body of the school more aware of the role of science in the modern world.

The Hilltopper Comes of Age

After a long and arduous journey, the "HillTopper" has at last reached a position of importance within the school life, as evidenced by a growing interest on the part of the students and faculty. With the establishment of a larger, better-organized staff, we have tried to incorporate into the "HillTopper" a new aspect with three levels of news reporting, national, local and school.

Mary Deasy, Editor

Our entire staff, under the capable guidance of our adviser, Mrs. Staton, and editor, Mary Deasy, has worked with energy and ingenuity. Sports highlights were excellently handled by David Kelly and Joseph Savina; art, by Susan Pike and Donald Meeker; advertising by Charles Sulkala, secretary-treasurer, and Christie Tragakis; and photography by Margueritc Krupp. Many fine feature articles and regular columns were contributed by: senior reporters Janat DiCicco, Barbara Close, Janet Rosata, Carlene Race, Jeanne Karshis and Renata Simenas; juniors, Robert Baxter, Algis Makaitis, Joan McTernan and Dick Pearl; and sophomore cubs Karen Kelley, Joan Deasy, Carol DiCicco and Alexis Bamford.

We hope that the "HillTopper" will become a lasting tradition at Norwood High School.

We Fought For Second Place

The Norwood squad made its "60" debut with a stunning victory over Needham, 20-8. Phil DeRose, Larry Newman, and Don Coughlin accounted for the three tallies, while co-captain John O'Donnell contributed with a fine rushing performance. Jack Lane led the defensive attack with an interception and several key tackles.

On the following Saturday the Blue and White dropped Walpole, 8-0, in a fumble-ridden encounter. Co-captain Phil DeRose scored the lone touchdown and executed several long runs while the defense held Walpole scoreless and blocked a punt, resulting in a safety for us.

Sparked by 45 and 70 yard touchdown runs by "Philly", our grid heros made it win number three against Milton, 20-12. John O'Donnell scored the other T.D. on a pass play from DeRose. Paul Bender and "Monk" Jessick crashed the line constantly to harass the Milton offensive.

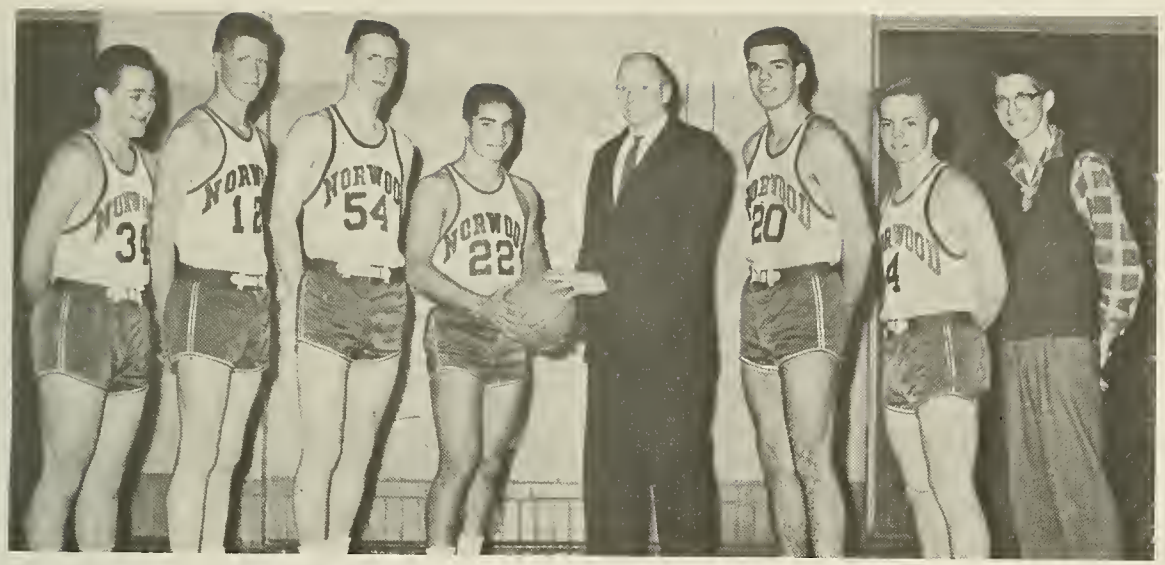
Philly's touchdown was not enough as Wellesley turned the tables, 14-6, in a humiliating upset victory. "Ace" Lane and John Howard were instrumental in restraining the surging Wellesleyans to 2 touchdowns.

The Scafatimen bounced right back into first place by stomping Braintree, 18-6. DeRose again scored twice; one of them was an 81 yard run, the longest in Norwood's recent history. T. J. Balfour was a tower of strength, offensively and defensively. Bill Davis plunged through for the other T.D. and ran havoc with the Wamps' defense. Larry Newman joined Jack Cotter and Paul Bender on the injury list.

Despite the improved playing and T.D.'s by Bill Davis, and the commendable performance of sophomore Dave Tracey, we came out on the short end of two crucial games: Framingham, 14-8, and Natick, 44-22.

Norwood handed a greatly improved Dedham squad a stinging defeat, 26-20, in the annual Turkey Day encounter. Phil DeRose highlighted the game with two long touchdown runs and connected with "John-O" on a 77 yard pass play to score the winning tally. Don Coughlin plunged over for the other score.

So ended the 1960 season: a 5-3 record and a second place finish. It came as no surprise when Phil DeRose was named a Class B All-Star. D. K. '61



Varsity Basketball

Bender, Crowley, Carritte, DeRose, Mr. Richardson, Maddocks, Davis, Wallace

Fighting Spirit To The Very End

Our two handicaps this year in basketball were injuries and lack of height. We also did not have the bench strength that the other teams did. Going against Needham in the opening game our team trailed in the early stages of the game but in the last two quarters made it very difficult for the Bay State Champions.

The starters for Norwood H.S. this year were Fred Carritte, Forward; Eric Konstaitis, Forward; Peter Maddocks, Center; and Co-Captain Phil DeRose and Paul Bender at the Guard positions.

Also seeing action this year were Peter Crowley, Bill Balutis, Bill Davis, and Dave Tracey. Credit must be given to Paul Bender for substituting in Larry Newman's position as guard for most of the season.

Our team played better than the record of 5 wins and 11 loses indicated. We lost some very close games, such as against Walpole, by a score of 71 to 68, and to Wellesley by a score of 67 to 66. In our second meeting with Wellesley we defeated the Red Raiders by a score of 68 to 60. Then we followed this game up by a win over Milton and two over Dedham. The best game of the year was between favored Natick and Norwood. In this game Peter Maddocks had 24 points and Co-Captain DeRose 21 points to lead the Norwood team to its first win over Natick since 1958, with a 76 to 69 upset.

Injuries really hurt our hoopsters with Larry Newman and Eric Konstaitis missing more than half of the season's games. With these two players on the team during the full season Norwood would have bettered their record by far. Another misfortune came when starting forward and high scorer of the team, Fred Carritte, dislocated his ankle and was forced to miss his last game and a possible chance to play in the All-Star tournament. Peter Maddocks went in place of Carritte.

We had two of the top scorers in the Bay State League. Peter Maddocks scored an average of 15.0 points per game, which was good enough to capture 5th place among the top scorers, and Fred Carritte, who finished 7th, had a 14.5 average per game.

Blazing Blades

With respect toward all and fear toward none, our determined pucksters ventured forth into the powerful Bay State League. The championship lineup of the Golden Nuggets of "60"-"61" was Dave McCue, Walt Nally and Ken Arvidson up front, with Jim Jessick and Capt. Charlies Donahue on defense and Don Smith in the nest. The finest second line in the league consisted of Albie Crowell, Paul Johnson and Wayne Petrovick. The secret of this team's success was threefold: the two evenly balanced lines, the strong defensive unit, and the noteworthy team spirit.

We started off the season with the philosophy of "cautious optimism". The Nuggets took their first three games without much trouble but then before them lay the formidable obstacle — Framingham, Needham, and Natick. In a test of their championship quality, our boys came through with wins of 1-0, 4-2 and 4-3. At the halfway mark, Norwood was leading the league with a 7-0 record. We coasted along with the tide of success to a fantastic 10 straight wins before being caught. At the end of the first 10 games, Norwood had amassed 29 goals and allowed only 6. Jessick and Donahue formed a solid wall in front of Smith. Don, who is more commonly known as "Mr. Zero", had six shutouts in a phenomenal display of goal-tending ability. Needham and Framingham then upset the Champs twice by 1-0 margins.

Our boys roared back trouncing Natick 5-1 and clinched the Bay State League Championship. The Nuggets took charge

Play Ball!

This year's Norwood High baseball team was sparked by the timely hitting of Phil DeRose and the slugging of catcher Jack Cotter. Our diamondmen displayed great skill and showed flashes of being the standout nine in the Bay State League.

On opening day, Norwood squeaked by Needham 6-5. Brian Hebner's tremendous grand slam was the deciding factor in the game. Carl Pruell pitched brilliantly in the relief.

Our lads travelled to Dedham next where they lost in a slugging duel 12-9. Phil DeRose contributed two hits and three RBI's.

At the Civic Field Norwood trounced neighboring Walpole 9-3. Carl Pruell pitched good ball for nine innings and Jack Cotter's three hits included a home run and a double.

Norwood then went into a tail spin, losing three in a row. Wellesley soundly beat us 11-5 but juniors Pete Maddocks and Wayne Petrovek each had two hits. Norwood made eight errors then to lose to Natick 8-6; however Paul Folan starred with three hits including a home run. Norwood's fielding lapses continued as the locals "took it on the chin" from the Framingham Flyers 9-1. However, Jack Cotter and outfielders Phil DeRose had two hits apiece to save face.

Norwood's dwindling hopes were sharply reversed as the Scafatimen trounced a good Milton team 20-5. Jeff Johnson, a fireballing pitcher, was excellent in relief. Larry Newman belted a grand slam homer and Jack Cotter added two home runs to put Norwood back on the victory trail.

Needham and Norwood clashed again with the same 6-5 result in Norwood's favor. DeRose, Cotter, and speedy outfielder Don Coughlin each had two hits. Eric Konstaitis pitched Norwood to triumph in relief.

Throughout the first half of the season many other players added to our success. Dave Nugent and Joe Yelapi, good defensive infielders, made some fine plays; Jimmy Hilliard, and John D'Espinosa, both solid hitters, frequently played well.

Class Will and Testament

We, the Class of Nineteen Hundred and Sixty-One, being of relatively sound mind and body, do hereby proclaim this to be our last will and testament, bequeathing our most cherished possessions acquired during our three year stay at N.H.S. to the most meritorious undergraduates and do declare all other endowments set forth in our name null and void.

Article I — To Mr. Hayden we leave our genuine thanks for his help in making these three years the best possible, and a four years' supply of teething rings for the incoming Freshman, the first ever to be admitted to these hallowed halls.

Article II — To the Senior Advisers we leave our thanks for their counsel and a supply of tranquilizing pills for the nerves we may have shattered.

Article III — To Mr. Roche, the best track coach at N.H.S., we leave a suggestion for recruiting boys for the team — tear up the detention slips.

Article IV — To Miss Ryan we leave an infallible machine able to detect faulty out-of-the-room passes and a crown and sceptre to go with her new palatial office.

Article V — To Mrs. Riley we say "merci beaucoup" for her untiring work in producing an excellent yearbook and we hope a bigger and better Tiot room in the addition.

Article VI — To Mr. Dehler we leave a megaphone so he may conduct his classes without competition from the builders and a recipe for "cooking up" an exciting Latin class in the Home Economics room.

Article VII — To Mr. Ganter we leave a Bermuda Bell for his Laboratory-on-Wheels to warn the unsuspecting students of his approach.

Article VIII — To Miss Wegerdt we leave our back copies of the New York Times so she will be able to celebrate the Fourth of July properly with a huge bonfire.

Article IX — To Miss Johngren we leave a graduate engineer to help manipulate her tape recorder and other mechanical devices.

Article X — The 1961 Art Staff of Arvidson, Lindblom, and Pye leave with designs on the field of Design.

Article XI — To Mr. Flaherty, the Senior Play Cast leaves an extra ten years to make up for those lost during the hectic play rehearsals.

Article XII — To Mr. Bonin we leave a Purple Heart for injuries sustained in the course of duty.

Article XIII — To Mr. Learnard we leave a special laboratory coat with various-shaped pockets for slide rules and other important instruments.

Article XIV — Danny Sarno leaves his "Golden Key to Opportunity" to the next foreign exchange student, Beverly Rogers.

Article XV — Charlie Donahue leaves his outstanding quality of leadership to the Junior and Sophomore Class Presidents, John D'Espinosa and Channing Souther.

Article XVI — Frannie Eckhardt leaves a gold-tipped, non-skid baton to her sister, Mary, to carry on the tradition.

Article XVII — John O'Donnell and Phil DeRose leave their athletic ability and many outstanding feats to Bobby Coughlin and Paul Bender.

ARTICLE XVIII — Dale Johnson leaves her popularity and personality to next year's eaptain, Jean Ferrera.

ARTICLE XIX — Maureen Feeney leaves her erash helmet to anyonc daring enough to wear it.

ARTICLE XX — Kenny DeLisle and Maureen Brannelly leave for Madison Avenue to join all the other advertising tyeoons.

ARTICLE XXI — Jaekie Solomon leaves her Oriental danee to her sister, Phyllis, but refuses to part with her bongo drums.

ARTICLE XXII — The Cast of the Senior Play leaves "Onions in the Stew" to the eulinary artists in the cafeteria.

ARTICLE XXIII — John DeFlaminis and Chuek Sulkala regretfully leave behind two Junior girls . . . they're expendable, although they don't know it.

ARTICLE XXIV — Brad Kummer leaves for Germany with fond memories of the wonderful year he spent at Norwood High and with the admiring affection of all the Senior girls.

ARTICLE XXV — Fred Carritte leaves his ability for raeking up points for the basketball team to Peter Maddocks.

ARTICLE XXVI — Clyde Adams leaves a hitehing post so that pupils arriving on horseback will not have to ehase their noble steeds across the football field.

ARTICLE XXVII — Doris Folan and Diane Cronin leave their eute sisters to embellish the landscape at N.H.S.

ARTICLE XXVIII — Skirmante Makaitis and John O'Donnell leave their leadership qualities to the Yearbook Editors of 1962.

ARTICLE XXIX — Mary Deasy leaves her exeess inehes to Rena Alden, and her remarkable ability to the many Juniors who can use it.

ARTICLE XXX — Jimmy Crawford and Diane Cronin leave directions on "How to Cireulate on Circulation" to next year's money collectors.

ARTICLE XXXI — Jimmy Jessiek leaves his Lie No. 6 hoekey stiek and the rest of his equipment to the great eapability of Dave MeCue.

ARTICLE XXXII — The Class of 1961 with a feeling of sorrow leaves the school and teaehers but faces the future with hope and confidence.

In witness thereof, we have hereunto subscribed our names and affixed our seal on this Ninth Day of June in the year of Our Lord Nineteen Hundred and Sixty-One.

of the league from the first game and commanded it through 14 exciting games.

Paul Johnson's effectiveness was sorely missed when he broke his ankle, but Rich Armour did a fine job in keeping the second line popping without the seasoned veteran. The first line with Dave McCue's drive, Walt Nally's keen defensive ability, and Ken Arvidson's fierce determination, sparkled constantly throughout the season. Albie Crowell's shooting skills and Wayne Petrovick's trickiness strengthened the Nuggets enviable offense. Jessick and Donahue formed an inpenetrable obstacle for opposing forwards and were cited for their invaluable abilities and unsurpassed endurance. Don Smith's agility made him one of the finest goalies seen in this area in many years. Captain Charlie Donahue was chosen for the Record-American all-seholastie state hockey team.

Coaeh Jack Monbouquette's insistence that his boys be gentlemen off and tigers on the ice was well rewarded. This team was complimented on many oceasions for its outstanding sportsmanlike conduct. Monbouquette with his enviable record of attainment has set an outstanding example by his leadership and has helped to mold these boys into fine young men.

EXIT
FRANCE

You who will serve your country best must learn — now — to stand in public assembly and speak.

How do you learn this?

Just as you learn to swim. You seek advance instructions, marshal all your courage, and then plunge.

Early embarrassments will be more than offset by admiration for your lonely spunk to try.

Merci Beaucoup

We wish to take this opportunity to thank the sponsors and advertisers who have helped us to finance this yearbook. At the same time, we wish to suggest to our fellow classmates and to all our friends who read this book that they patronize the stores listed in our advertising section. Yearbook advertising may reach a more limited audience than newspaper advertising, but it is much more permanent and much more handsomely displayed, and it will be read through the years by all of us who cherish this souvenir of happy high school days.
